

Spanish Language Lean Manufacturing Workshop

Gain a competitive edge & higher profit using Lean Productivity principles

<u>Quick ROI:</u>	Lower Labor Cost	Customer Satisfaction
More Throughput	Higher Quality	Safer Work Place
Less Inventory	Less Scrap	Neater Work Place

Join participants from other Southern Nevada enterprises at a Lean Manufacturing Workshop & reinvent PROFIT MAKING OPPORTUNITIES

Grow your business using resources that already exist in your company through this popular hands-on Workshop

"The benefits we are seeing from employees that attended are far more than we had ever hoped for or imagined possible."

Jennifer Dartt, Human Resources Director, Berry Plastics

Outcomes:

- Learn how to get rid of the 8 common sources of waste
- Experience the Transition to Lean in a hands-on Workshop
- The Workshop is designed for Owners, Operations Managers, Supervisors, Lead persons, & others who contribute to efficiencies in the Factory or Office

Successful organizations are committed to Continual Improvement
