

# LEAN MANUFACTURING 101

## WORKSHOP

**Wednesday, January 23, 2019**

**8:00 AM - 4:30 PM | \$299**

World Class companies use **Lean Manufacturing** principles to gain a competitive edge and higher profit.

The full-day Lean Manufacturing workshop combines a classroom setting with an interactive live simulation that will open your eyes to the eight common sources of waste.

What can Lean Manufacturing do for you?

- Higher quality, less scrap
- Increase staff efficiency
- Create a safer workplace
- Increase profit
- Lower inventory levels
- Improve on-time performance
